PROFESSIONAL EXPERIENCE

Front-End Developer Dec 2023 – present

HYPER SCADA

Applied React.js in freelance projects, implementing CRUD operations for user-friendly data management. Developed systems enabling businesses to easily store, retrieve, and analyze data with added graphs and charts. Committed to creating simplified solutions through React.js for enhanced project outcomes.

Front-End Developer Oct 2023 – present

TB3arbi

I worked as a Frontend Developer at a company that plans travel events inside and outside the country. I was in charge of the frontend department for a project, using Next.js. My job included making the website user-friendly and ensuring its success.

Front-End Developer Apr 2023 – Aug 2023

Bedab

As a Frontend Developer, I played a pivotal role in designing, developing, and maintaining web applications, with a focus on high-profile governmental projects. My responsibilities included ensuring seamless functionality, user interface optimization, and consistent application performance. Through my role, I contributed to the success of critical projects by combining technical expertise with a commitment to delivering top-notch solutions.

EDUCATION

Bachelor's degree in Agriculture Engineering 2022

Ain-Shams University Cairo, Egypt

CERTIFICATES

- Got "Certificate of Completion in Front-End Development Track " from Route Academy.
