PROFESSIONAL EXPERIENCE

Front-End Developer

Tjaara - تجارة

Aug 2024 – present
Cairo, Egypt

- Delivered responsive and high-performance user interfaces for dashboards, e-commerce platforms, and websites tailored to the Saudi market.
- Developed and optimized web applications using React and Next.js to enhance user experience and business functionality.
- Collaborated with cross-functional teams on project planning, UI/UX enhancement, and code quality assurance.
- Contributed to the growth and scalability of Tjaara's digital products by creating user-centered, maintainable, and efficient solutions.

Front-End Developer

X-event (freelance)

Apr 2024 – Nov 2024

- Developed an advanced Event Management System to streamline event creation, publication, and management, featuring customizable agendas and media upload capabilities.
- Implemented seamless event search, ticketing, and payment processing, with secure financial management through integrated bank accounts and wallets.
- Designed role-based access control, supporting admins, owners, and speakers with tailored permissions for efficient event coordination.
- Enhanced user experience with real-time notifications, dynamic seating charts, and customizable attendee certifications.

Front-End Developer

TB3arbi (freelance)

Oct 2023 – Nov 2023

- Led the front-end development for a travel event planning platform using Next.js.

- Ensured a seamless user experience by designing and implementing user-friendly interfaces.
- Worked closely with the backend team to optimize performance and ensure the successful delivery of the project.

Front-End Developer

Dec 2023 – Feb 2024

HYPER SCADA (freelance)

- Developed and maintained user-friendly web applications using React.js, focusing on CRUD operations for efficient data management.
- Created intuitive data visualization tools, including graphs and charts, to help businesses analyze and interpret their data.
- Delivered clean, maintainable code, and adhered to best practices to improve the scalability and reliability of freelance project

Front-End Developer

Apr 2023 – Aug 2023

Bedab

- Contributed to the design, development, and maintenance of web applications for high-profile governmental projects.
- Focused on optimizing user interfaces and ensuring consistent application performance.
- Played a key role in delivering top-quality solutions that met the stringent requirements of government clients.
